We are a group of small but very friendly Japanese language classes in Ichikawa city,
helping foreigners in the neighborhood learn our language.

Better Japanese ability will bring you a better job,
better communication with Japanese neighbors will make it easier to solve your problems.

Our lessons are provided in easy Japanese and a little bit of English.

We offer not only Japanese language lessons, but also arrange lots of QA session time,
so that you can bring whatever questions you are facing, including your VISA issues.

One step ahead and make an appointment, come join us, TERAKOYA ICHIKAWA!

One-coin lesson (Group lesson)

- Fee: For 1 lesson, **500 yen.** ~Consists of lesson and QA session, appx. 1 hour.

For QA session, you can bring whatever questions such as language issue, documents you cannot read, troubles you are facing everyday life..., whatever. You can bring a book, documents or letters regarding which you want to ask. Just remember, all the lessons are group lesson, so do not bring something too private!

To whom Kamome Class is the most suitable?

At Kamome Class, we are mainly targeting those who can speak and listen Japanese to some extent, but still has difficulties in reading and writing. We also support those who want to take Japanese Language Proficiency Test, and those who want to pass the examination for Tokuteiginou VISA qualification.

Since Kamome class is operated by Gyoseishoshi Immigration Lawyer, you can ask anything about your Nyukan issue, not only your language study issue.
